Dear Mr. Sriram Athri,

Attending the Youth Empowerment programme, an initiative of Vision 2020, was an enthralling experience. The examples cited and the overall content was so penetrating, appealing that it did touch the mind intensely. It was truly empowering, teaching one to think positively under varied circumstances especially in adversities.

It was a marvelous presentation, one rarely witnessed, having a tremendous positive impact on the audience.

Thanking you.

With regards,

Yours sincerely,

Principal
